Re: Website - [www.emeraldhealthcareservices.com](http://www.emeraldhealthcareservices.com)

I am so pleased with our new website. I feel you really captured the essence of Emerald in a way that I never would have imagined possible.

The colors, pictures, descriptions are so fitting for our organization. We have already seen an increase in calls to our office in the very brief time that our site has been up and running. You were very easy to work with, very patient with all our requests from our very non-techno staff.

In addition- they say that a picture tells a thousand words- and the new logo you designed for us does just that.

I would highly recommend your services.
