Re: Peabody Advertising Company, Inc.

I had and am still having the pleasure of working with Cece Peabody of Peabody Advertising Company, Inc. I wanted to build a website for many years to expand the exposure of my practice. Cece came highly recommended.

Prior to our first meeting, Cece and I spoke on the phone. Her suggestions and guidance helped me to become clear as to my vision for the website. I did my "homework" and at our first meeting Cece listened intently to all my ideas, what I wanted, the feel and direction of my practice. Cece took my information and started to set up the WebPages. I often had ideas that Cece easily would "get" and then be able to formulize them on the website. She would often do research to find what I was looking for (an image, wording, etc.). If Cece was not right on the money with what she found it was always very close to what I had in mind.

Cece is extremely easy to work and made what I thought was going to be a difficult process fun and enjoyable.

My website is lovely and I get many compliments. But more importantly, I have gotten many calls directly from people who visited my website! It has been a wonderful source for referrals as well as helping me educate the public!

Thanks Cece.

Yours in Wellness,
